

OUR CLIENTS

At Tanner Consulting we conduct community consultation processes for specific commissions and as part of project development activity.

Our Clients are located in Rockhampton and across Central Queensland, and cover a wide variety of sectors, such as:

- Business
- Community
- Government and
- Non-Government

OUR WORK

Our comprehensive abilities in the area of community consultation include:

- Development of effective communication strategies
- Facilitation and coordination of workshops, focus groups and information sessions
- Design and facilitation of quantitative and qualitative surveys
- Stakeholder identification and analysis
- Client – community liaison work
- Report writing and analysis

RESULTS

Tanner Consulting has participated in a number of community consultation activities since its establishment in 2004. Recent examples:

- Stakeholder identification, communication strategy and community engagement for a Community Cultural project for Rockhampton Regional Council
- Community consultation and communication strategy for Material Change of Use application by a disability services organisation
- Community consultation and analysis for a Community of Youth Services project facilitated by a Central Queensland health professionals group
- Community engagement facility upgrade for a Central Queensland Community Services organisation

Contact details of Client referees are available on request.

VALUE

Our Clients obtain significant benefits from Tanner Consulting's community consultation capability:

- Access to design, implementation and interpretation services
- A team with knowledge and experience with local community stakeholder groups
- The enhanced credibility of third-party facilitation
- Cost effective options as part of a project development commission or as a discrete assignment
- On the ground response to Central Queensland projects at all times
- **Project Development**
- **Community Consultation**
- **Social Impact Assessment**
- **Funding Submissions**
